KNSFHP 1155.01: Army Physical Fitness Training (01 credit hour) MSG Shipman

11737 Lab Early morning Army ROTC PT. For Days and times see your instructor

All Army ROTC Cadets are required to enroll in the Army Physical Fitness Training course unless it adds more than 18 hours to your class schedule. Or, if enrolled in MCCN it will increase your tuition fees. **Enrolling in this course requires that you first be enrolled in a MS class or have taken MS in the past.** If enrolling in a Military Science course for the first time, do not enroll in both Military Science and KNSFHP 1155.01 in the same enrollment window. Enroll in Military Science first, log out, log back in and then add KNSFHP 1155.01. Or, have your advisor add the course.

OSU Newark Campus, Spring Semester 2018
